## SUMMARY

I'm a dedicated UI Developer passionate about creating elegant, responsive web applications. Skilled in modern design principles and frontend technologies, I deliver intuitive, user-friendly interfaces that boost engagement across devices and platforms.

## EXPERIENCE

### UI developer

Ksolves India Pvt. Ltd.

September 2021 – Present, Noida, UP

- Over 4 years of experience in crafting responsive, pixel-perfect UIs using HTML5, CSS3, SASS, JavaScript, and modern design frameworks.
- Proficient in Bootstrap 4/5 and Figma, developing visually consistent and adaptive designs across various devices.
- Skilled in cross-browser compatibility, performance optimization, and debugging UI issues to ensure a seamless user experience.
- Implemented SEO-friendly elements such as meta tags and canonical references in web projects using foundational frontend technologies to enhance page relevance and search visibility.
- Familiar with agile workflows and project tracking tools including JIRA, Azure, and Blue.
- Delivered intuitive design solutions that improved user engagement and satisfaction across multiple digital platforms.

## PROJECTS

### Dairy Study(On-site project)

Jasper Colin • May 2025 – Present

- Transformed Figma designs into responsive web pages using Tailwind CSS on a Next.js framework.
- Built reusable components to enhance development efficiency and maintainability.
- Ensured seamless interactivity and mobile responsiveness across devices.
- Collaborated closely with the frontend team to deliver high-quality UI components.

### Bespoke Brilliant(Odoo Project)

Ksolves Pvt. Ltd. • August 2024 – April 2025

- Collaborated with the client's team to design UI/UX for an Odoo platform project.
- Developed the HTML/CSS structure using Bootstrap 5, ensuring a fully responsive and pixel-perfect interface.
- Delivered a user-friendly experience with minimal UI issues reported by the testing team.
- Gained expertise in optimizing web performance for fast loading and ensuring cross-browser compatibility for a consistent user experience.

## SKILLS

HTML, CSS3, SCSS, JavaScript, Basic React.js, Bootstrap 4/5, Tailwind, Pixel Perfect UI, Responsive UI, Cross Browser Compatibility, Optimization for Web, Figma, GitHub, Jira, Azure, Blue, Email Template UI Development, SEO Best Practices

## CERTIFICATIONS

### Programming with JavaScript

Coursera • 2024

- The JavaScript certification from Meta on Coursera is highly relevant as it helped me strengthen my core programming skills, transitioning from a purely UI-focused role to a more complete frontend developer profile. It provided deeper understanding of JavaScript fundamentals, enabling me to write cleaner, interactive, and more efficient code, which is essential for modern frontend development.
